Beer lovers finally have a place of their own on the North Shore, thanks to the **Grill Next Door** in Haverhill. While the selections change regularly, the quality never wanes. The pub's 36 taps pour everything from lagers and stouts to Belgians and some seriously hoppy IPAs. This is beer country, after all. An 18-seat mahogany bar wraps around the taps while flat-screen televisions keep you occupied between sips.
